INTRODUCTORY SECTION

JERRY GIST
MAYOR

ALAN L. LAFFOON
CITY RECORDER

December 28, 2016

The Honorable Mayor, City Council and Citizens of Jackson:

The Financial Statements and Supplementary Information of the City of Jackson for the fiscal year ending June 30, 2016 are hereby submitted as required by state statutes. These statutes require that all general-purpose local governments publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, we whereby issue the financial statements and supplementary information of the City of Jackson.

Several years ago the Governmental Accounting Standards Board (GASB) established a new financial reporting model for state and local governments in GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. The requirements of GASB 34 represented a significant change in the financial reporting model previously used by the City. In addition to fund financial statements, the City is now required to report government-wide financial statements prepared using the accrual basis of accounting and the economic measurement focus for all funds. Other changes included the establishment of new fund types, the elimination of account groups, a focus on major funds in the basic financial statements, the reporting of infrastructure, the preparation of cash flow statements using the direct method and the inclusion of Management's Discussion and Analysis (MD&A). All relative aspects of GASB 34 have been implemented in the City's MD&A.

On June 20, 2011, GASB adopted Statement #54 Fund Balance Reporting and Governmental Fund Type Definitions. The City and its auditors, ATA, implemented the subject Fund Balance Reporting on the FY 13 audit in the Balance Sheet of Governmental Funds statements.

The Governmental Financial Statements for FY 15 include the adoption of GASB 68 reflecting the long term liabilities for both TCRS and the Old City Pension. This adoption had a \$23.08 million negative effect on the Net Position in period ending June 30, 2015, which is the beginning Net Position for FY 16, so no additional provision is required for FY 16.

This continuing presentation provides users of the Financial Statements and Other Supplementary Information with additional information to assist in their review of financial position and results of operations. The objectives of the Statements were to enhance the understandability and usefulness of the general-purpose external financial reports of state and local government to the citizenry, legislative and oversight bodies, and investors and creditors.

The City fully implemented the GASB 34 requirements in FY 2003 and the results were reflected in the subsequent FY 2003 Audit Report. During the FY 2004 review/update process on Infrastructure, additional data pertaining to the FY 2003 reported Infrastructure numbers was identified. The time frame required to complete the review was of a magnitude that resulted in City Management's decision not to report Infrastructure numbers on the FY 2004 Statement of Net Assets. Any/all updates and/or corrections were reported in FY 2005 and in all subsequent years the Infrastructure numbers have been reported accordingly.

This report consists of management's representation concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformance with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Alexander Thompson Arnold PLLC, a firm of licensed certified public accountants, has audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Jackson for the fiscal year ended June 30, 2016, are free of material misstatement. The independent audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements; in assessing the accounting principles used, and evaluating the overall financial statement presentation.

The independent auditor concludes, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Jackson's financial statement for the fiscal year ended June 30, 2016, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Jackson's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government:

The City of Jackson is located in heart of western Tennessee, approximately 80 miles east of Memphis/Shelby County and approximately 120 miles west of Nashville/Davidson County. During the last several years, west Tennessee has been one of the growth areas within the state. Although growing less rapidly than the middle section of Tennessee, our more methodical growth has occurred at a rate that has allowed for development of infrastructure at an affordable pace.

The City of Jackson occupies a land area of 59 square miles and serves a population of 66,739. The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing body. The City has undertaken the annexation of seventeen square miles and 6,635 new residents in the city limits since 1994. The City annexed 30 sub-areas of land (Northwest Annexation), encompassing 3,704 acres and adding 1,528 new residents in May 2011.

The City was established in 1822 and incorporated in 1845. The Charter of the City is a private act of the State Legislature, which established the governing body of the City as a nine member Council who serves four-year terms of office. Members are elected by district. The CEO of the City is the Mayor, who is elected by all the voters. The Mayor is the presiding officer at City Council meetings. The Mayor has no vote on Council issues, but has veto power, which can be overridden by a 2/3 vote of Council.

The Council is responsible, among other things, for passing ordinances, adopting the budget, ratifying committee and board appointments, and electing a Treasurer and Vice Mayor from the Council, and a City Recorder, from outside the Council. The Mayor is responsible for carrying out the policies and ordinances of the council, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments.

The City provides a wide range of services characteristic of similar jurisdictions in the State, including public safety, highways and streets, recreation, library, public works, improvements, planning and zoning, and general administrative services. The City also provides garbage collection and disposal services through a business-type activity fund that has been included as an integral part of the City of Jackson's financial statements. Electric power, natural gas, and water and sewer operations are provided by the Jackson Energy Authority (JEA), which in 2001 was established by act of the TN legislature as an independent authority.

The annual budget serves as the foundation for the City of Jackson's financial planning and control. The budget preparation process begins in January when City departments begin preparation of their long-range capital improvement requests. During the subsequent months, the

finance and accounting staff initiates the review and evaluation of each request in light of available revenues and in accordance with the City's overall goals and objectives. By April, the Accounting Department compiles a draft capital plan, which is submitted to the Mayor for review, refinement, and approval. A Budget Committee, consisting of (3) Council members and (2) community leaders has been established to work with the Director of Finance, City Recorder, and Mayor's Assistant to work on the FY 18 budget.

During March, City departments begin assessing resource needs for the coming year relative to their operating budgets. Work sessions are held within departments and divisions, under the review of the heads of major departments. By April, the consolidated requests are submitted to the Accounting Department for consolidation and review. The product of that review is refined in meetings with the Mayor and the Finance staff. The Mayor presents a finished budget, adjusted for balance between expenditure and revenue projections and updated with current year results, to the Council in June.

Budget hearings are held to allow public comment. The hearings provide formal citizens' input to the City Council on decisions and issues related to the Budget. The hearings also provide the Council with access to those department heads directly involved in budget preparation. The Council, after review of all information and after making final adjustments or amendments, passes the budget by ordinance after two readings. The budget is then submitted to the State Comptroller for review within 15 days of Council approval.

Amendments may be made by resolution to the original appropriations ordinance at any time during a current fiscal year. Transfers between funds occur only as budgeted and approved by Council and are normally related to Debt Service and Capital. Increases in overall appropriations can be made only with Council approval. Beginning FY 17, General Fund cost allocations to Health & Sanitation are included in the monthly financials.

Budget-to-actual comparisons are provided in this report for each major fund for which an appropriated annual budget has been adopted.

Factors Affecting Financial Condition:

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Jackson operates.

While the per capita income is less than some of the wealthier "bedroom communities" that surround the metropolitan cities Jackson serves as the cultural, economic, and entertainment hub of West Tennessee.

The City's population grew by almost 10% between 2000 and 2010 according to the U.S. Census reports.

While the recent slowdown in the national economy commencing in the fourth quarter of calendar year 2008 has affected Jackson's economy, the local economy remains relatively strong compared to other communities. Local Option Sales Tax collections in FY 16 were up 5.6% from FY 15. In fiscal year 2016, Jackson had a total appraised value of property of \$4.965 billion and an assessed value of \$1.567 billion.

Jackson has a well-diversified manufacturing base, with over 8,000 manufacturing jobs. Not dependent on a single, large employer, the Top 10 Manufacturing Companies averaged 505 employees each. There are approximately 30 manufacturing locations in Jackson. Among Non-Manufacturing employers, West Tennessee Healthcare was the leader with over 5,661 jobs.

Jackson is the regional or corporate headquarters for Kellogg's Pringles division, Delta Faucet, Pinnacle Foods, Gerdau Ameristeel, and several other companies. In 2003, the Bodine division of Toyota Motor Company selected Jackson as the site for its newest engine plant and has undertaken significant expansion in production equipment and volume. Although Maytag/Whirlpool did move its dishwasher operations from Jackson to Iowa, the subject 300K square foot facility was immediately occupied by Carlisle Tire & Wheel Company.

Jackson is the healthcare center for West Tennessee, boasting two major hospitals with a combined number of beds in excess of 800. The larger of the two issued \$85 million in new bonds for a major expansion which was completed in FY 09 and one large medical office building which was completed in FY 10, plus a new physical therapy facility to be completed in FY 17. There are also 44 medical clinics, 19 retirement or nursing homes and more than 480 practicing physicians. West Tennessee Healthcare has recently constructed the Kirkland Cancer Center. The 84,000 square foot LIFT center which houses a full fitness facility, indoor climbing wall, full-size basketball court, two indoor pools and hot tub, spacious locker rooms, medical clinic, an indoor walking track, and a healthy café was opened in January, 2013.

The expansion of retail, manufacturing and healthcare delivery services have broadened the tax base of the city and made Jackson less dependent on property tax alone. Prior to the FY 2003-2004 fiscal year, the City of Jackson had provided continuing and expanded services for nineteen years without a rate increase in property tax. For FY 2004, the public exhibited the willingness to accept the increase in the property tax rate from \$1.98 to \$2.22. The six-year reappraisal process resulted in the 2005 Tax Rate being decreased to \$2.10 and subsequently reduced to \$1.9619 as a result of the 2013 reappraisal. Thus Jackson has held the property tax rate effect constant for 12 straight years.

Major Initiatives for the Year:

Jackson Walk, a major downtown development including apartments, homes, retail, and the LIFT Wellness Center detailed above, opened in FY 13. Jackson Walk, excluding the LIFT Wellness Center constructed by West Tennessee Healthcare, is a major private investor backed downtown development projected to amount to \$20 million upon completion. The aim of this major project was to improve the image of downtown Jackson and enhance the tax revenues accordingly. The LIFT is an 80,000 square foot facility that includes an impressive range of fitness options, a complete medical clinic, plus classrooms for overall health education, with 3,950 memberships currently. The Jackson Walk development won the 2015 EPA National Award for Smart Growth Achievement in Neighborhood Revitalization.

The thrust for current and future fiscal years continues to be the rebuilding of the downtown and East Jackson areas damaged in the tornadoes of May 4, 2003. The Urban Land Institute study will serve as a guide to the redevelopment of the storm-blighted areas. FY 2006 saw the completion of the West Tennessee Healthcare Sportsplex, a \$13.4 million seventeen-field baseball/softball complex for both traveling teams and local leagues. This facility is anticipated to bring in approximately \$8 million in tourism dollars annually after the initial start-up years. FY 16 team registrations totaled over 1,400 and included teams from fourteen surrounding states. The original \$9.2 million Debt Service was reduced to less than \$3 million after the first eleven years of operation. The total turnstile attendance for the initial eleven years of operation was in excess of 1.5 million.

The City initiated a major Debt Service Refunding/Restructure in FY 09 totaling \$58 million, taking advantage of the low interest rates. This enabled the City to spread the current Debt Service payments at an equal amount over the next 15 years roughly equal to less than 23% of Property Tax collections. The City did guarantee a \$3 million HUD Section 108 loan in FY 11, to be repaid through CDBG funds. This loan is for District 1 & 2 projects managed by the Jackson CRA (Community Redevelopment Agency). The City received a \$15.3 million variable rate TMBF loan in 2013, with subsequent monthly interest rates varying from 1% to 1.5% based on the monthly SIFMA rate. Another \$1.7 million variable rate TMBF loan was obtained in 2015, with the same monthly rates varying from 1% to 1.5%. The City's total debt through 2024 is now \$88 million but will be reduced to approximately \$74-75 million by FY 19, only \$2 million in excess of the \$72 million at the start of the current mayor's (3) four-year terms. The City maintains a AA rating received from Standard & Poor's in 2014.

After a review of the FY 12 and FY 13 financial operating and debt service results, plus our current debt service structure, S&P has upgraded the City of Jackson from AA- to a AA Bond Rating.

Acknowledgements:

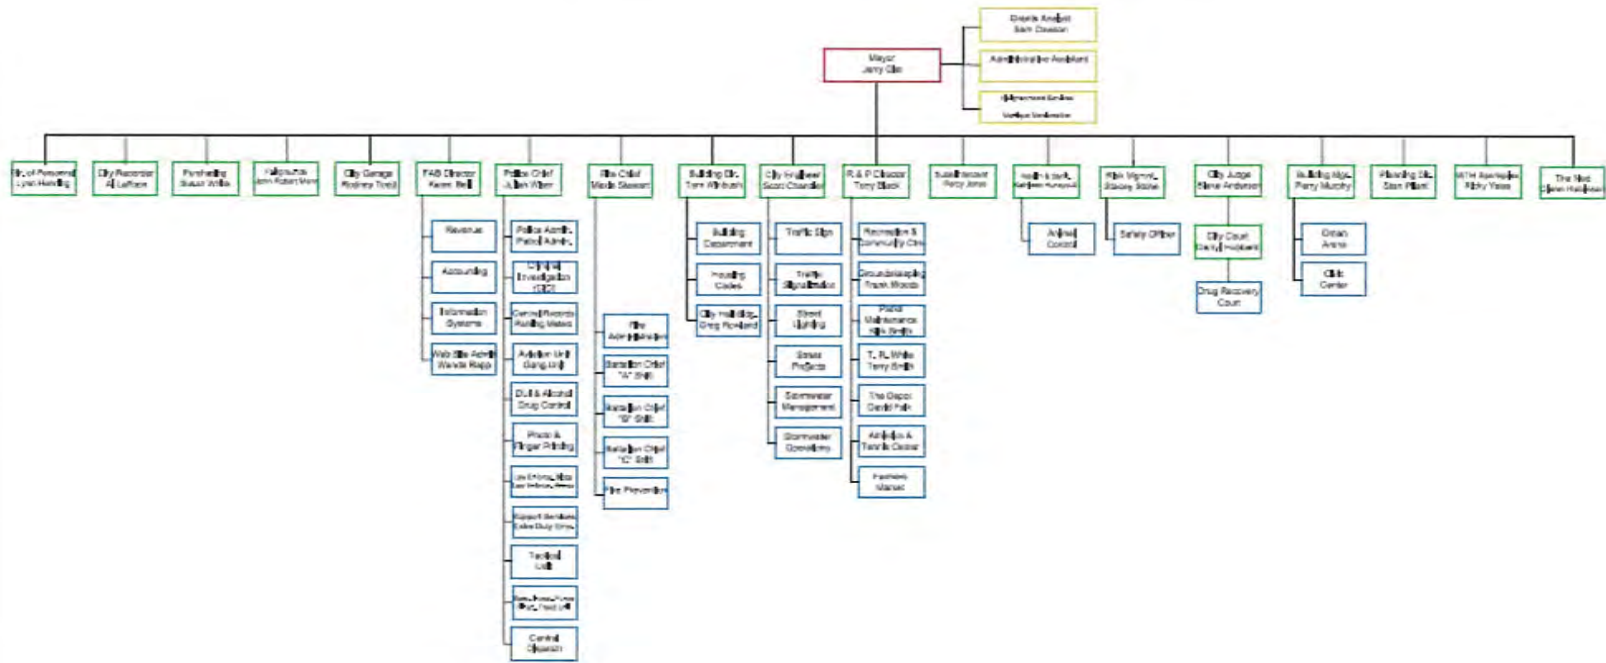

The efforts of the members of the Finance department staff and the cooperation of each of the City's departments were essential in the preparation of this report. Specific appreciation is expressed to the Director of Finance, Audit, and Budgeting, Karen Bell, and her staff for their preparation and thoroughness throughout the audit process.

Also, the City is indebted to the staff of Alexander Thompson Arnold PLLC, and specifically Matt Wood, for their valuable guidance and assistance. Credit also must be given to the Mayor and City Council for their unfailing support for maintaining the highest standard of professionalism in the management of the City of Jackson's finances.

Respectfully submitted,

Alan L. Laffoon

Independent Auditor's Report

Honorable Jerry Gist, Mayor
Members of the Council
City of Jackson, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jackson, Tennessee, (the City) as of and for the year ended June 30, 2016, and the related notes to the financial statements which collectively comprise the City's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Jackson Transit Authority (JTA), which is both a major fund and 28 percent, 33 percent, and 42 percent, respectively, of the assets, net position, and revenues of the business-type activities. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for JTA, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant

accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jackson, Tennessee, as of June 30, 2016, and respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general and solid waste collection funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 7 to the financial statements, in 2016 the City changed its revenue recognition policy from 60 days for grant revenue to a one year collection period. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages as listed in the table of contents and the required supplementary information related to pensions and other post-employment benefits on pages as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors, have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplementary and other information section, including the schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the historical and other miscellaneous information section – unaudited and the introductory section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary and other information section, including the schedule of expenditures of federal awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, supplementary and other information section, including the schedule of expenditures of federal awards, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The historical and other miscellaneous information section – unaudited and the introductory section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2016 on our consideration of the City of Jackson’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Jackson’s internal control over financial reporting and compliance.

Alexander Thompson Arnold PLLC

Jackson, Tennessee

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Jackson, Tennessee (the "City" or the "City of Jackson"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2016. The City of Jackson implemented the Government Accounting Standards Board (GASB) Statement 34 during FY 2003.

Management's Discussion and Analysis (MD&A) focuses on current year activities and resulting changes. Please consider the information presented here in conjunction with our Letter of Transmittal (pages 1-7) and the City's financial statements (beginning on page 24).

FINANCIAL HIGHLIGHTS

- As of the close of the current fiscal year, the City of Jackson's governmental funds reported combined ending fund balances of \$28.7 million. Approximately 51% of this total amount, \$14.7 million, is available for spending at the government's direction (unassigned fund balance). The \$14.7 million is net of the \$3.2 million "provision for subsequent year's budget" that was recognized to be in compliance with GASB Statement No. 54.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$14.7 million, or 22.5% of total general fund expenditures. The General Fund reflected a \$1.2 million decrease at June 30, 2016 as the result of \$.9 million Excess Expense over Revenue and \$.3 million in Transfers to Other Funds, which would have resulted in an \$18 million unassigned fund balance had it not been for assignment of next year's budget deficit being required.
- The City of Jackson's total debt increased by \$6 million or 7.5% during the current fiscal year. The \$6 million decrease is the net result of principal payments and issuance of long-term debt. \$1 million remaining in 12-Year Capital Outlay Notes to finance the Sportsplex, a 17-field baseball/softball complex, was reduced by \$.3 million in the tenth year after a double payment against the principal in the second year. The original \$9 million Sportsplex debt now stands at \$3.5 million after the tenth year of operation.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City of Jackson's basic financial statements. The City of Jackson's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Jackson's finances, in a manner similar to a private-sector business.

There are two government-wide financial statements:

- **Statement of Net Position** - The statement of net position presents information on all of the City of Jackson's assets, liabilities, and deferred outflows/inflows of resources with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Jackson is improving or deteriorating.

➤ **Statement of Activities** - The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All current year revenues and expenses are taken into account regardless of the timing of related cash flows. Thus revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal years (for example, uncollected taxes and earned but unused vacation leave).

Both of the Government-Wide Financial statements distinguish functions of the City of Jackson that are principally supported by taxes and intergovernmental revenues (government activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities.) The governmental activities of the City of Jackson include General Government, Public Safety, Public Works, Parks and Recreation, Public Buildings, H&S, and Capital. The business-type activities of the City of Jackson include Hwy 70 Landfill, Sportsplex, Jackson Transit Authority, and Community Development.

The government-wide financial statements include not only the City itself (known as the primary government) but also two legally separate entities (known as component units). The Jackson Community Redevelopment Agency (ie: CRA) was established by a City Ordinance and now operates as a separate entity with its own board of directors and outside auditors.

The Jackson Energy Authority is also presented in the report as a discretely presented component unit due to the fact that the City has guaranteed their Telecom Bond Issue.

Fund Financial Statements. The fund financial statements provide more detailed information about the most significant funds - not the City as a whole. Some funds are required by State or Federal law or by bond covenants. Other funds are established by the City Council to help it control and manage money for designated or restricted purposes, or to show that it is meeting legal responsibilities for how certain taxes, grants and other monies are used (such as grants received from the United States Department of Housing and Urban Development).

All of the funds of the City of Jackson can be divided into three categories: Governmental Funds, Proprietary Funds, and Fiduciary Funds.

Governmental Funds. The City's basic services are included in Governmental Funds. The focus of these funds is on how cash and other financial assets that can readily be converted to cash when received are used, and what remains at the end of the fiscal year for future spending. This detailed short-term view helps in determining whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not include the additional long-term focus of the Government-Wide Statements, we provide additional information after the Governmental Fund Statements that explain the differences between the long-term view and the short-term view.

The City maintains a General Fund, multiple Special Revenue Funds, a Debt Service Fund, and a Capital Projects Fund as Governmental Funds. Information is presented separately in the governmental statement for the General Fund, Solid Waste Collection Fund, Debt Service Fund, and the Capital Projects Fund since all of these are considered major funds. Data for the other funds is combined into a single column.

The City of Jackson adopts a budget for all Governmental Funds. A budgetary comparison for the major Governmental Funds is found in the fund statements of this report. Budgetary comparisons are provided to demonstrate compliance with the budget.

Proprietary Funds. Services for which the City charges customers a fee are generally reported in Proprietary Funds. Proprietary Funds, like the Government-Wide Financial Statements, provide both long-term and short-term financial information. There are two different types of Proprietary Funds: Enterprise Funds and Internal Service Funds. The City of Jackson maintains only Enterprise Funds.

Enterprise Funds are the same as business-type activities in the Government-Wide Financial Statements but provide more detail and additional information, such as cash flows. The Sportsplex, Jackson Transit Authority, Community Development, and Solid Waste (ie: Old City Landfill) are considered major funds.

Internal Service Funds provide services for other City activities. The City of Jackson could choose to account for maintenance of City vehicles or self-financed health insurance through an internal Service Fund. Because services like these benefit predominantly governmental rather than business-type functions, the City has chosen to include those activities in the Governmental Funds.

Fiduciary Funds. Fiduciary Funds provide information about the financial relationships where the City acts solely as a trustee or fiduciary for the benefit of others to whom the resources belong. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. These activities are excluded from the City's Government-Wide Financial Statements because the City cannot use these assets to finance City operations. All of the City's fiduciary activities are reported in separate Statements of Fiduciary Net Position and changes in fiduciary net position in the Fund Financial Statements.

Note to the financial statements. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The additional information contained in these notes is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information about the City's progress in funding its obligation to provide pension benefits and other post-employment benefits to its employees.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Net Position

Net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Jackson, assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by \$66.5 million as of June 30, 2016.

An additional portion of the City's net position represents resources that are subject to restrictions as to how they may be used. These include \$1.1 million for mandatory State and Council restrictions.

In order to provide a complete picture of the net position of the City, information is provided separately, in the table below, for the net position of governmental and business-type activities.

Changes in Net Position

Net Position of the City's governmental activities increased by \$750 thousand versus last year's decrease of \$26.4 million in Unrestricted Net Position related to the City's adoption of GASB 68 for non-current pension liabilities of \$17.3 million for TCRS and \$5.6 million for Old City Pension.

During the same period, the net position of the City's business-type activities decreased by \$883 thousand, mainly resulting from normal depreciation in Capital Assets.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City of Jackson uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City of Jackson's Governmental Funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Jackson's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Jackson's governmental funds reported combined ending fund balances of \$28.7 million, a net increase of \$3.8 million in comparison with the prior year. However, the \$3.8 million increase is the result of borrowed funds (ie: draw-downs) on the \$17.4 million TMBF 2015 loan, so it does not reflect a true increase. Approximately 51% or \$14.7 million constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is either considered nonspendable, restricted, committed or assigned, to indicate that it is not available for new spending, as it has already been committed for debt service, capital projects, public works, or other purposes.

Information about selected major Governmental Funds is presented below.

General Fund. This fund is the chief operating fund of the City of Jackson. At the end of the current fiscal year, unassigned fund balance of the general fund was \$14.7 million. A measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 22.5% of total general fund expenditures of \$65.6 million. The 22.5% is of real concern, since it is down from last year's 28.7%.

Capital Projects Fund. This fund focuses on project-to-date costs for many projects within the City. At the end of the year, the Capital Projects Fund had a positive fund balance of \$1.7 million which

consists of unspent funds from the \$7.6 million TMBF loan draw in FY 15, against the total \$15.3 million TMBF variable rate loan.

- The City spent \$9.8 million on capital expenditures, primarily from proceeds of the \$7.6 million draw against the total \$15.3 million 2015 TMBF variable rate loan.
- Current year expenditures included \$4.0 million for Public Works projects, \$174 thousand for General Government, \$4.1 million for Public Safety, and \$1.5 million for Public Welfare and Community Services.

Proprietary Funds

The City of Jackson's Proprietary Funds provide the same type of information found in the Government-Wide Financial statements, but in more detail.

As the City completed the fiscal year, its proprietary funds had combined Net Position of \$9.6 million. Of this amount, \$637 thousand was available to meet on-going obligations with the remainder invested in capital assets. Key factors within the major enterprise funds are presented below:

- Net Position of the Solid Waste Disposal Fund were zero at FY 07 year-end, as a result of the \$11.5 million transfer to the General Fund for the sale of the Aaron Long Road landfill. This fund remains open only to cover the post-closure expense of the "Old Highway 70 Landfill".
- The other major factor in the Proprietary Funds category was the introduction of the Sportsplex Fund, an Enterprise Fund for the City's (17) field baseball/softball complex for "Travel Ball". Subject complex was under construction at the end of FY06 and opening tournaments started in August of FY07. The total capital cost of the subject complex came in under the \$14.0 million budget at \$13.4 million. The Sportsplex has now operated successfully for eleven full seasons with over 1.5 million people attending the park for a combination of travel ball, Dixie Youth ball, men's softball, and special needs games.

General Fund & Debt Service Fund Budgetary Highlights

Revenues

- Property Taxes were \$580 thousand under budget at \$30.6 million, primarily due to appeals and bankruptcies/foreclosures.
- Licenses and Permits were \$218 thousand over budget at \$4.9 million.
- Tax equivalents were \$381 thousand over budget at \$4.8 million due to increased electric department revenue from JEA.
- Fines, Interest & Penalties were only \$105 thousand under budget at \$1.3 million.
- Local Option Sales Tax collections were \$13 million, which is \$105 thousand or .8% over budget.
- State-Shared Sales Tax to the City was \$5.3 million, which is \$80 thousand or 1.5% over budget.
- Total State-Shared Revenues were \$9.7 million, which is \$224 thousand over budget.

Expenditures

- Health insurance claims came in at \$8.1 million versus a \$7.1 million budget. This marks the second straight year of a significant overrun in claims.
- Total General Government expenditures of \$13.3 million were \$587 thousand under budget.
- Public Safety expenditures of \$37.2 million were \$329 thousand or .9% over the revised budget, or \$3.4 million, or 5.0% over the original budget, primarily due to Police and Fire Department. Overtime was the most significant overrun.
- Public Works expenditures of \$7.5 million were \$51 thousand under budget.
- Debt Service expenditures of \$7.9 million were \$312 thousand under budget, primarily due to extremely low variable rate interest percentages of approximately 1.0% to 1.2% on the \$15.3 million TMBF variable rate loan.

**CITY OF JACKSON, TENNESSEE
OUTSTANDING DEBT
(in thousands)**

	Governmental Activities		Business-Type Activities		Total	
	2016	2015	2016	2015	2016	2015
General Obligation Bonds	\$ 49,645	\$ 54,451	\$ 2,190	\$ 2,405	\$ 51,835	\$ 56,856

Total Outstanding Debt	\$ 81,652	\$ 74,792	\$ 3,292	\$ 3,902	\$ 84,944	\$ 78,694

The City of Jackson's **total** long-term debt increased by \$6.2 million, while Business-Type debt (i.e.: Sportsplex) decreased by \$.7 million. General Obligation Bonds decreased by \$4.8 million, but Variable Rate Local Government Loan Program (TMBF) increased by \$12 million due to drawn-downs on the new 2015 Loan Program, which is a total program of \$17.4 million.

The City of Jackson continues to hold the AA rating achieved in 2014 from Standard & Poor's.

CITY OF JACKSON, TENNESSEE
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
June 30, 2016

Amounts reported for the governmental activities in the statement of net position (pages 21 - 22) are different because:

Fund balance - total governmental funds (Page 23)	\$ 28,749,146
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in funds	131,190,445
Receivables not available to pay for current expenditures and, therefore, are deferred in the funds	2,239,305
Payables, such as accrued interest payable, are not due and payable in the current period, and therefore are not reported in the funds	(677,282)
Deferred outflows of resources - pensions are not available to pay current expenditures and, therefore, are unavailable in the funds.	8,225,367
Deferred inflows of resources - pensions are not due in the current period and, therefore, are not reported in the funds.	(3,121,352)
Long-term liabilities, including notes and bonds payable and net pension liability are not due in the current period and, therefore, are not reported in the funds	<u>(109,722,692)</u>
Net position - governmental activities (Page 22)	<u>\$ 56,882,937</u>

The accompanying notes are an integral part of these financial statements.

The accompanying notes are an integral part of these financial statements.

CITY OF JACKSON, TENNESSEE
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL
FUNDS TO THE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2016

Amounts reported for the governmental activities in the statement of activities (Page 21) are different because:

Net change in fund balances - total governmental funds (Page 24)	\$ 3,737,551
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense in the current period. This is the amount by which capital outlays exceeded depreciation in the current period	1,975,253
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds	(469,350)
Some expenses reported in the statement of activities, such as accrued leave, interest payable, debt premium amortization and OPEB liability, do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds	
Compensated absences	129,224
Amortization of debt issuance premium	15,481
OPEB	19,095
Accrued interest payable	54,965
Some expenses reported in the statement of activities, such as pension expense, do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds	(3,735,450)
Employer contributions to the pension plans in the current fiscal year, which was after the valuation period of the plans, are treated as a reduction of pension expense and are deferred in the statement of net position	6,845,141
The issuance of long-term debt provides current financial resources to governmental funds. These transactions do not have any effect on net position.	(12,503,680)
The repayment of the principal of long-term debt consumes the current financial resources of governmental funds. These transactions do not have any effect on net position	<u>5,735,043</u>
Change in net position of governmental activities (Page 21)	<u>\$ 1,803,273</u>

The accompanying notes are an integral part of these financial statements.

The accompanying notes are an integral part of these financial statements.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Jackson, Tennessee (the City), is a municipal corporation governed by an elected mayor and nine-member council and provides the following services as authorized by its charter: public safety (police and fire), building inspection, planning and zoning, street maintenance, sanitation, cemetery maintenance, health, parks and recreation, and general administrative services. As required by generally accepted accounting principles, these financial statements present the government and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations. The City's discretely presented component units are reported in separate columns in the government-wide financial statements to emphasize that it is legally separate from the government.

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City are described below.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statements of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of the interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of the given function, or segment, are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues, excluding grant revenues, to be available if they are collected within sixty days of the end of the current fiscal period. Grant revenues are considered to be available if collected within one year of the fiscal year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, gross receipt taxes, sales taxes, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The general fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The debt service fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The capital outlay fund is used to account for capital asset acquisition and construction of all funds of the City except for infrastructures financed through the Sportsplex Fund.

The solid waste collection fund is a special revenue fund used to account for funds received from commercial and residential garbage collections. Use of the funds is limited to expenditures for the activities of the City's Health and Sanitation Department and the Solid Waste Fund.

The City reports the following major proprietary funds:

The solid waste fund accounts for funds received from landfill fees, solid waste related grant revenues and the reimbursement from Madison County for one-half of the operating costs of the landfill. Use of the funds is limited to expenditures for the recycling of solid waste and for providing a solid waste landfill for the disposal of solid waste.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

The Sportsplex fund is used to account for the activities of the City's seventeen-field baseball/softball complex.

The community development fund is used to account for federal, state, and local funds received by the City which are restricted to developing viable living communities, providing decent housing and a suitable living environment, providing emergency shelters for the homeless and expanding economic opportunities principally for persons of low and moderate income.

Jackson Transit Authority accounts for the activities of the City's urban transit. The management of the Jackson Transit Authority is vested in a board of directors consisting of seven members, all of whom are elected by the City Council upon the Mayor's recommendation, for five year terms. Jackson Transit Authority is a blended component unit of the City.

Jackson Energy Authority is responsible for planning, acquiring, constructing, improving, furnishing, equipping, financing, owning, operating, and maintaining electric, gas, water, wastewater, and telecommunications utilities systems within or outside the corporate limits of the City, and other such utility systems as a municipal water, wastewater, gas, telecommunications, or electric utility is authorized by the general laws of the State of Tennessee to own or operate. On September 10, 2003, Jackson Energy Authority issued \$54,300,000 in adjustable rate revenue bonds. Concurrent to this bond issue, the City issued a debt service guaranty agreement in which it unconditionally guarantees the debt of the entity in the event that the Authority defaults on the debt. Jackson Energy Authority is a discretely presented component unit of the City.

The Jackson Community Redevelopment Agency (Agency) was formed for the purpose of preserving health, safety, and welfare of the residents of the City and Madison County, to provide for affordable housing, and to inhibit and improve blighted areas. The management of the Agency is vested in a board of directors consisting of seven members. Five members are elected by the City Council upon the Mayor's recommendation, and the two remaining members are elected by the County Commission upon the recommendation of the County Mayor. There must be one member that is a serving City Council member and one that is a current County Commissioner. The Jackson Community Redevelopment Agency is a discretely presented component unit of the City.

Complete financial statements of the component units discussed above can be obtained from their respective administrative offices at the following addresses:

Jackson Transit Authority	Jackson Energy Authority	Jackson Community Redevelopment Agency
241 E. Deaderick Street	119 E. College Street	111 E. Main Street
Jackson, Tennessee 38301	Jackson, Tennessee 38301	Jackson, Tennessee 38301

Additionally, the City reports the following fiduciary fund:

The deferred compensation trust fund is used to account for assets held for employees in accordance with the provisions of Internal Revenue Service Code Section 457.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's utility divisions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expense from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with the proprietary fund's principal ongoing operations. The principal operating revenues of the electric, water, and sewer funds are charges for sales to customers for sales and service. The water and sewer fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Assets or Equity

Deposits and investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and certificates of deposit and other time deposits with a term of less than three months. Cash resources of all governmental funds are pooled and are invested to the extent possible in certificates of deposit. All interest earned on this pool is allocated to the General Fund except where legal restrictions require the earnings to be allocated to the source from which the cash originated.

State statutes authorize the City to invest in certificates of deposit, obligations of the U. S. Treasury, agencies and instrumentalities, obligations guaranteed by the U. S. Government or its agencies, repurchase agreements and the state's investment pool.

Investments for the City, as well as for its component units, are reported at fair value.

Receivables and payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet.

Property tax receivables are shown net of an allowance for uncollectibles. The allowance is recorded based on the past history of collections. Court fines receivable are also shown net of an allowance for uncollectibles. The allowance is recorded based on management's estimate of what portion of the outstanding receivable will be collected in the future.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

The allowances for uncollectible customer accounts recorded in the proprietary funds are based on past history of uncollectible accounts and management's analysis of current accounts. Bad debts in the proprietary funds are recorded by the direct write-off method.

Property taxes are levied annually on October 1 and the tax bills are mailed the same date. The taxes are due and payable from the following October through February in the year of the tax levy. An unperfected lien attaches by statute to property on January 1 for unpaid taxes from the prior year's levy. Taxes uncollected by March 1, the year after due are considered delinquent and may be submitted to the Chancery Court for collection. Tax liens become perfected at the time the court enters judgment.

All trade receivables are shown net of an allowance for uncollectibles if management's evaluation of credit risk determined such an allowance was necessary.

Inventories and prepaid items

Inventories in the governmental funds are valued at cost, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Inventories in the proprietary funds are valued at the lower of average cost or market using the FIFO method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital assets

Capital assets, which include property, plant, and equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. All land, construction in progress, and works of art will be included. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the City, as well as the component units, are depreciated using the straight line method over the following useful lives:

Buildings	15 - 40 years	Infrastructure	12 - 40 years
Improvements other than buildings	20 years	Furniture and fixtures	5 - 15 years
Machinery and equipment	3 - 20 years		

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Compensated absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Compensated absences are accrued when incurred in proprietary funds and reported as a fund liability. Compensated absences that are expected to be liquidated with expendable available financial resources are reported as expenditures and a fund liability of the governmental fund that will pay them.

Employees of the City may accumulate up to 22 1/2 days of annual leave, which is fully vested, and 75 days of sick leave, which is not vested. Sick leave time accumulated over 75 days is paid to the employees at the rate of 50% regular pay upon normal retirement. Employees leaving the employment of the City for any reason other than retirement have no vested interest in sick leave over 75 days.

Employees of the Jackson Transit Authority (JTA) may accumulate up to 30 days of annual leave based on longevity of service which is fully vested. The sick leave policy was changed in November 1995 to allow all salaried employees who leave in good standing with JTA and who give a minimum of two weeks notice to receive 80 hours of sick leave at full pay plus one-half of all their sick leave over 80 hours.

Accrued compensated absences at June 30, 2016, are:

City of Jackson	\$2,472,003
-----------------	-------------

Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions

For purposes measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's participation in their single employer defined benefit pension plan, and additions to/deductions from the City's fiduciary net position have been determined on the same basis as they are reported by the retirement plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the retirement plan. Investments are reported at fair value.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The items that qualify for reporting as a deferred outflow of resources are disclosed on pages 20 and 27.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The items that qualify for reporting as a deferred inflow of resources are disclosed on pages 21, 23, and 28.

The City reports unavailable property taxes, unavailable intergovernmental revenues, and unavailable public safety revenue as deferred inflows of resources in the governmental fund balance sheet. In the statement of net position, unavailable property taxes related to the subsequent tax year are reported as well as multiple deferred outflows and inflows of resources that are pension-related accounts. Deferred outflows/inflows of resources are also reported on the Statement of Net Position in the government-wide statements and the proprietary fund statements.

Impact of Recently Issued Accounting Pronouncements

In February 2015, the GASB issued Statement No. 72 – *Fair Value Measurement and Application*, effective for fiscal years beginning after June 15, 2015, provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The requirements of this Statement will enhance comparability of financial statements among governments by requiring measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques. This Statement also will enhance fair value application guidance and related disclosures in order to provide information to financial statement users about the impact of fair value measurements on a government's financial position. This Statement did not have an impact on the City in the current year.

In June 2015, the GASB issued Statement No. 73 – *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*, effective for financial statements for periods beginning after June 15, 2015. This Statement carries all of the requirements of Statement 68 to all pensions. It also requires that information similar to that required by Statement 68 be included in notes to financial statements and required supplementary information by employers. This Statement did not have an effect on the City due to the City's pension plans falling under GASB Statement No. 68.

In June 2015, the GASB issued Statement No. 74 – *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, effective for financial statements for periods beginning after June 15, 2016. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the financial reports of state and local governmental OPEB plans for making decisions

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

and assessing accountability. This Statement replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, as amended, Statement 43, and Statement No. 50, *Pension Disclosures*. The scope of this Statement includes OPEB plans – defined benefit and defined contribution – administered through trusts that meet the following criteria: 1) Contributions from employers and nonemployer contributing entities to the OPEB plan and earnings on those contributions are irrevocable, 2) OPEB plan assets are dedicated to providing OPEB to plan members in accordance with the benefit terms, and 3) OPEB plan assets are legally protected from the creditors of employers, nonemployer contributing entities, and the OPEB plan administrator. If the plan is a defined benefit OPEB plan, plan assets also are legally protected from creditors of the plan members. Management is currently evaluating the impact that this Statement will have on the City's financial statements.

In June 2015, the GASB issued Statement No. 75 – *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective for financial statements for periods beginning after June 15, 2017. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement replaces the requirements of Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, for OPEB. The scope of this Statement addresses accounting and financial reporting for OPEB that is provided to the employees of state and local government employers. This Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Note disclosure and required supplementary information requirements about defined benefit OPEB also are addressed. Management is currently evaluating the impact that this Statement will have on the City's financial statements.

In August 2015, the GASB issued Statement No. 77 – *Tax Abatement Disclosures*, effective for reporting periods beginning after December 15, 2015. The objective of this Statement was to provide financial statement users with information about certain limitations on a government's ability to raise resources. This includes limitations on revenue-raising capacity resulting from government programs that use tax abatements to induce behavior by individuals and entities that is beneficial to the government or its citizens. Tax abatements are widely used by state and local governments, particularly to encourage economic development. For financial reporting purposes,

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

this Statement defines a tax abatement as resulting from an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. This Statement requires governments that enter into tax abatement agreements to disclose the following information about the agreements: 1) Brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients, 2) The gross dollar amount of taxes abated during the period, and 3) Commitments made by a government, other than to abate taxes, as part of a tax abatement agreement. Management is currently evaluating the impact that this Statement will have on the City's financial statements.

Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund equity

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. Fund balances for governmental funds can consist of the following:

Nonspendable – consists of funds that cannot be spent due to their form or funds that legally or contractually must be maintained intact.

Restricted – consists of funds that are mandated for a specific purpose by external parties, constitutional provisions, or enabling legislation.

Committed – consists of funds that are set aside for a specific purpose as approved by the City Council. Formal action must be taken prior to the end of the fiscal year. The same formal action must be taken to remove or change the limitations placed on the funds.

Assigned – consists of funds that are set aside with the intent to be used for a specific purpose by the City Council or the City Recorder that has been given the authority to assign funds by the City Council. Assigned funds cannot cause a deficit in unassigned fund balance.

Unassigned – consists of excess funds that have not been classified in the previous four categories. All funds in this category are considered spendable resources. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls.

In accordance with this GASB Statement No. 54, the City adopted a Fund Balance Policy with the following major provisions –

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Order and Use of Restricted and Unrestricted Funds

When both restricted and unrestricted funds are available for expenditure, restricted funds should be spent first unless legal requirements disallow it. When committed, assigned, and unassigned funds are available for expenditure, committed funds should be spent first, assigned funds second, and unassigned funds last.

Authority to Commit Funds

The City's governing body has the authority to set aside funds for a specific purpose. Any funds set aside as committed fund balance requires the passage of an ordinance by a simple majority vote. The passage of an ordinance must take place prior to June 30 of the applicable fiscal year. If the actual amount of the commitment is not available by June 30, the ordinance must state the process or formula necessary to calculate the actual amount as soon as information is available. In the event the governing body wished to lift the committed status of funds so that they may be used for general purposes, a formal action equal to that which originally committed the funds must be taken.

Authority to Assign Funds

The City's governing body has the authority to set aside funds for the intended use of a specific purpose. Any funds set aside as assigned fund balance requires a simple majority vote and must be recorded in the minutes. The same action is required to change or remove the assignment. Upon passage of a budget ordinance where fund balance is used as a source to balance the budget, the Finance Director shall record the amount as assigned fund balance.

Unassigned Fund Balance

Unassigned fund balance is the residual amount of fund balance in the general fund. It represents the resources available for future spending. An appropriate level of unassigned fund balance should be maintained in the general fund in order to cover unexpected expenditures and revenue shortfalls.

Fund Balance Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Net Position

Restricted net position are assets less liabilities reported in the government-wide statement of net position that have limitations imposed on their use through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, contributors, legislation, or the other governments.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Net investment in Capital Assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of debt issued to finance the acquisition, improvement, or construction of those assets.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets

The reconciliation of the balance sheet of governmental funds to the statement of net position includes reconciliation between fund balance - total governmental funds and net position - governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities, including notes and bonds payable and net pension liability, are not due and payable in the current period and therefore are not reported in the funds." The details of this (\$109,722,692) are as follows:

Bonds payable	\$ 76,983,939
Notes payable	4,667,922
OPEB liability	417,473
Net pension liability	25,071,731
Premium on debt issuance	109,624
Compensated absences payable	<u>2,472,003</u>
Net adjustment to reduce fund balance - total governmental funds to arrive at net position - governmental activities	<u>\$ 109,722,692</u>

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The reconciliation of the statement of revenues, expenditures, and changes in fund balances of governmental funds to the statement of activities includes reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense in the current period." The details of this \$1,975,253 difference are as follows:

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Capital outlay, net change	\$ 8,821,658
Donated assets	434,514
Book value of assets removed	(24,514)
Depreciation expense	<u>(7,256,405)</u>
Net adjustment to reduce net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 1,975,253</u>

Another element of that reconciliation states that "Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds." The details of this (\$469,350) difference are as follows:

Change in deferred court fine revenue	\$ 41,326
Change in property taxes	(483,515)
Change in parking tickets revenue	<u>(27,161)</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ (469,350)</u>

NOTE 3 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the general, special revenue, debt service, and capital project funds, and certain proprietary funds. As an extension of the budget process, City Council may transfer or appropriate additional funds for expenditures not anticipated at the time of budget adoption. All annual appropriations lapse at fiscal year end. Legal level of budgetary control exists at the major function level in the General Fund and at the fund level for all other funds.

Encumbrances, when present, represent commitments related to unperformed contracts for goods or services. Encumbrances outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

NOTE 4 - DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

At June 30, 2016, investments of the City consisted of the following:

	<u>Weighted Average Maturity (Months)</u>	<u>Fair Value or Carrying Amount</u>
Certificates of deposit	7-35	\$ 6,592,739
Deferred Compensation Fund	N/A	<u>16,966,270</u>
		<u>\$ 23,559,009</u>

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Interest rate risk

As a means of limiting its exposure to fair value losses arising from interest rate risks, the City generally limits its investments to those with maturities of one year or less. The City's investment portfolio did not experience a significant fluctuation in fair value during the year.

Custodial credit risk

The City's policies limit deposits and investments to those instruments allowed by applicable state laws and described below. State statute required that all deposits with financial institutions must be collateralized by securities whose market value is equal to 105% of the value of uninsured deposits. The deposits must be collateralized by federal depository insurance or the Tennessee Bank Collateral Pool, by collateral held by the City's agent in the City's name, or by the Federal Reserve Banks acting as third party agents. State statutes also authorize the City to invest in bonds, notes or treasury bills of the United States or any of its agencies, certificates of deposit at Tennessee state chartered banks and savings and loan associations and federally chartered banks and savings and loan associations, repurchase agreements utilizing obligations of the United States or its agencies as the underlying securities, and the state pooled investment fund. Statutes also require that securities underlying repurchase agreements must have a market value at least equal to the amount of funds invested in the repurchase transaction. As of June 30, 2016, all bank deposits were fully collateralized or insured.

Credit risk

The City's policies are designed to maximize investment earnings, while protecting the security of principal and providing adequate liquidity, in accordance with all applicable state laws. At June 30, 2016, the City's investments in U.S. Government agency securities include Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, and Federal Agriculture Mortgage Corporation bonds, which were rated AAA by Standard & Poor's or Aaa by Moody's Investor Services.

B. Receivables

Receivables as of the year end for the government's individual major funds and nonmajor and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General	Debt Service	Capital Outlay	Solid Waste Collection	Sportsplex	Jackson Transit Authority	Nonmajor and Other Funds	Total
Receivables:								
Taxes	\$ 26,439,746	\$ 7,530,236	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 33,969,982
Interest	16,748	-	-	-	-	-	-	16,748
Accounts	95,578	33,510	-	2,479,592	20,959	17,021	8,459	2,655,119
Grants	628,100	-	460,908	-	-	86,866	51,297	1,227,171
Intergovernmental	5,316,356	-	-	-	-	-	-	5,316,356
Court fines	507,555	-	-	-	-	-	102,754	610,309
Note	246,713	-	-	-	-	-	357,800	604,513
Gross receivables	33,250,796	7,563,746	460,908	2,479,592	20,959	103,887	520,310	44,400,198
Less: Allowance for uncollectibles	(1,579,122)	(307,589)	-	-	-	-	(75,858)	(1,962,569)
Net total receivables	<u>\$ 31,671,674</u>	<u>\$ 7,256,157</u>	<u>\$ 460,908</u>	<u>\$ 2,479,592</u>	<u>\$ 20,959</u>	<u>\$ 103,887</u>	<u>\$ 444,452</u>	<u>\$ 42,437,629</u>

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, various components of deferred inflows of resources reported in the governmental funds were as follows:

2016 property tax assessment	\$ 30,701,055
Delinquent property taxes	1,582,995
Grant revenues considered to be unavailable revenues	538,815
Court fines receivable	141,408
Total deferred revenue for governmental funds	\$ 32,964,273

C. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2016, is as follows:

Receivable Fund	Payable Fund	Amount
Community Development	General	\$ (21,220)
General	Sportsplex	117,457
General	Solid Waste Collection	1,116,867
Total		1,213,104
Governmental activities eliminated		(1,116,867)
Total		\$ 96,237

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All interfund transfers were consummated within the normal operations of the City. The City's intention is to repay all interfund liabilities within the next fiscal year. However, due to the significant amount of the solid waste collection funds' interfund liability to the general fund, settlement within the next fiscal year is not a certainty.

Interfund transfers are used to 1) move revenues from the funds with collection authorization to the debt service fund as debt service principal and interest payments become due, 2) move restricted amounts from borrowings to the debt service fund to establish mandatory reserve accounts, 3) move unrestricted general fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs. In fiscal year 2016, a transfer was made from the solid waste collection fund to the general fund for the allocation of direct costs by general government employees.

Interfund transfers during the year ended June 30, 2016, were as follows:

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

Transfer Out	Transfer In						Total
	General	Capital Outlay	CRA District	Jackson Transit Authority	Solid Waste Collection	Nonmajor Governmental Funds	
General	\$ -	\$ -	\$ 199,193	\$ 711,710	\$ -	\$ -	\$ 910,903
Debt Service	-	5,900,000	-	-	-	-	5,900,000
Solid Waste Collection	631,568	-	-	-	-	-	631,568
Solid Waste	-	-	-	-	65,000	-	65,000
Capital Outlay	-	-	-	29,000	-	-	29,000
CRA District	-	-	-	-	-	50,000	50,000
Nonmajor Governmental	-	-	-	-	-	231,885	231,885
	<u>\$ 631,568</u>	<u>\$ 5,900,000</u>	<u>\$ 199,193</u>	<u>\$ 740,710</u>	<u>\$ 65,000</u>	<u>\$ 281,885</u>	<u>\$ 7,818,356</u>

The descriptions of the transfers are as follows:

- The transfer from the Solid Waste Collection fund to the General fund was done in the current year due to an indirect cost allocation performed by the City.
- The transfer from the Debt Service fund to the Capital Outlay fund is for capital outlay needs in the current year that were funded from long-term debt proceeds issued in the debt service fund.
- The transfers from the General fund and Capital Projects fund to the Jackson Transit Authority were for the City's portion of operating assistance and capital assistance provided to the Transit Authority annually.
- The transfer from the Solid Waste fund to the Solid Waste Collection fund was done to repay the prior year transfer that was considered unnecessary due to the Landfill being closed and less assistance needed going forward. The Solid Waste Collection fund will continue to transfer the amount needed to cover expenses in the future years.
- The transfer from the Grant Fund #1 CDBG to the CRA fund was for loan payments made related to Section 108.
- The transfers from the General Fund to the CRA District is for the CRA's portion of TIF income. The difference between the governmental fund transfers of \$199,193, which represents the TIF income, and the government-wide transfer amount of \$149,193 is a \$50,000 transfer from the CRA to the general fund that is a long-term debt payment on one of the City's debt payments, so it was combined together for the Statement of Activities presentation.

D. Capital Assets

Capital asset activity for the year ended June 30, 2016, was as follows:

CITY OF JACKSON, TENNESSEE

Total depreciation expense - business-type activities	<u><u>\$ 1,420,649</u></u>

E. Operating Leases

The future minimum lease payments are as follows:

Year Ending June 30	Amount
2017	\$ 31,624
2018	<u>27,691</u>
Total	<u><u>\$ 59,315</u></u>

F. Note Receivable

During the year ended June 30, 2006, the City entered into a Joint Development Agreement with a local real estate developer to develop acreage adjacent to the baseball/softball complex under construction. Under the terms of this agreement, the City holds a note receivable in the amount of \$1,000,000, which was initiated to reimburse the City for road construction and improvements in the area around the Sportsplex. The note holds a maturity date of December 15, 2020, and is to be paid at the rate of \$21,250 per acre for each acre that is subsequently developed and sold by the local developer. The balance of this note receivable at June 30, 2016, was \$246,713.

G. Long-term Debt

The City issues general obligation bonds and notes to provide funds for the acquisition and construction of major capital facilities. General obligation debt at June 30, 2016, is comprised of the following bonds and notes payable:

General Obligation Bonds, Series 2009, original issue was \$6,000,000 due in annual installments beginning 2010 through 2024, fixed rates of interest ranging from 2.00% to 4.00% depending on CUSIP issue	\$ 3,555,000
---	--------------

General Obligation Refunding Bonds, Series 2009, original issue was \$58,535,000, payable in annual installments

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

beginning 2010 through 2024, fixed rates of interest ranging from 2.00% to 4.50% depending on CUSIP issue	39,415,000
General Obligation Loan Program Bonds, Series 2013, original issue was \$15,300,000, payable in annual installments beginning 2016 through 2033, variable rates of interest ranging from 3.00% to 3.25% depending on CUSIP issue	14,835,000
General Obligation Loan Program Bonds, Series 2015, original issue will total \$17,400,000, payable in annual installments beginning 2018 through 2031, variable rates of interest ranging from 3.00% to 3.25% depending on CUSIP issue	12,503,680
General Obligation Refunding Bonds, Series 2011, Original issue was \$10,000,000, payable in annual installments beginning 2015 through 2027, fixed rates of interest ranging from 3.00% to 3.50% depending on CUSIP issue	8,865,000
Note Payable, Jackson-Madison County General Hospital District, original issue was \$650,000, payable in annual installments beginning 2012 through 2024, interest-free	400,000
Note Payable to Madison County for repayment of mixed drink taxes owed, interest free, payable in annual installments beginning 2015 through 2024	1,576,922
Note Payable, Department of Housing & Urban Development, original issue was \$3,165,000, payable in annual installments beginning 2012 through 2030, fixed interest rate of 3.56%	2,691,000
General Obligation Capital Outlay Note Series 2006, original issue was \$1,995,000, payable in annual installments beginning 2007 through 2018, variable interest rate ranging from a high of 3.125% to a low of 2.75% during current year, interest rate of 2.75% at year end	332,405
General Obligation Capital Outlay Note Series 2006-A, original issue was \$1,995,000, payable in annual installments beginning 2007 through 2018, variable interest rate ranging from a high of 3.125% to a low of 2.75% during current year, interest rate of 2.75% at year end	331,894
General Obligation Capital Outlay Note Series 2014, original issue was \$500,000, payable in annual installments beginning 2016 through 2023, variable interest rate ranging from a high of 5.39% to a low of 2.75% during current year, interest rate of 2.75% at year end	<u>437,500</u>
	<u>\$84,943,401</u>

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

The annual requirements to amortize all general long-term debt, except compensated absences and accrued closure and post-closure costs, at June 30, 2016, including interest payments of \$13,741,646 are as follows:

Fiscal Year	Notes		General Obligation Bonds		Totals							
	Ending	Principal	Interest	Principal	Interest	Principal	Interest					
2017	\$	773,115	\$	123,388	\$	5,752,000	\$	2,277,831	\$	6,525,115	\$	2,401,219
2018		778,414		107,413		6,833,000		2,090,314		7,611,414		2,197,727

		<u>\$ 5,769,721</u>		<u>\$ 868,124</u>		<u>\$ 79,173,680</u>		<u>\$ 12,873,522</u>		<u>\$ 84,943,401</u>		<u>\$ 13,741,646</u>

During the year ended June 20, 2009, the City issued \$58,535,000 of general obligation refunding bonds for a current refunding of the City's previously issued 1997 General Refunding and Improvement Bonds, 2001 General Obligation Refunding and Capital Outlay Extension Notes, and the 2004 General Obligation Refunding and Capital Outlay Extension Notes. The refunding was undertaken to reduce total future debt service payments. The reacquisition price exceeded the net carrying amount of the old debt by \$292,229. This amount is being netted against the new debt and amortized over the new debt's life.

During the year ended June 30, 2010, the City issued \$7,120,000 of general obligation refunding bonds for a current refunding of the City's previously issued 2003 General Obligation Refunding and Capital Outlay Extension Notes. The refunding was undertaken to reduce total future debt service payments. The reacquisition price exceeded the net carrying amount of the old debt by \$49,663. This amount is being netted against the new debt and amortized over the new debt's life.

Long-term liability activity for the year ended June 30, 2016, was as follows:

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:

Advance	194,444	-	194,444	-	-
Accrued closure/postclosure	318,120	-	28,920	289,200	28,920
	<u>\$ 4,414,176</u>	<u>\$ -</u>	<u>\$ 833,436</u>	<u>\$ 3,580,740</u>	<u>\$ 662,533</u>

Within the City's governmental activities, compensated absences are generally liquidated by the general fund.

NOTE 5 - OTHER INFORMATION

A. Risk Management

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City decided it was more economically feasible to join a public entity risk pool as opposed to purchasing commercial insurance for general liability, auto and bus liability, property, and errors and omissions coverage. The City joined the Tennessee Municipal League Risk Management Pool (Pool), which is a public entity risk pool established in 1979 by the Tennessee Municipal League. The City pays annual premiums to the Pool for the above policies. The Pool provides the specified coverage and pays all claims from its member premiums charged or through its reinsurance policies. The City's premiums are calculated based on its prior claims history.

It is the policy of the City to purchase commercial insurance for the risk of employee dishonesty and aviation insurance. Settled claims have not exceeded this commercial coverage or the coverage provided by the Pool in any of the past three years.

The City self-insures its employee health, dental and vision insurance program. The City collects insurance premiums from its employees, and pays all claims made along with an administration fee to Blue Cross/Blue Shield of Tennessee, the plan administrator. The City, as a part of the plan, has purchased a reinsurance policy that pays 80% of the claims made by an individual within one year in excess of \$100,000 and less than \$1,000,000.

At June 30, 2016, the estimated liability for claims incurred but not paid was \$268,881. Changes in liability for the last five fiscal years are as follows:

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

	Beginning of Fiscal Year	Adjustment	Adjusted Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2011-2012	\$ (599,295)	\$ -		\$ 6,683,097	\$ 6,668,504	\$ (584,702)
2012-2013	(584,702)	-		6,793,898	6,578,886	(369,690)
2013-2014	(369,690)	-		7,155,421	6,692,967	92,764
2014-2015	92,764	-		8,279,924	6,824,932	1,547,756
2015-2016	1,547,756	(999,445)	548,311	8,231,936	8,511,366	268,881

The City is self-insured regarding workers' compensation insurance. The City's health insurance plan will pay for any medical expenses incurred by the employee if he is a member of the health plan, a group life policy is maintained that pays the beneficiary an amount equal to one year salary and the pension plan through Tennessee Consolidated Retirement System contains some provisions for disability and early retirement. All risks associated with workers' compensation insurance concerning the coverage mentioned above are assumed by the City. Liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated.

At June 30, 2016, the estimated liability for claims incurred but not paid was (\$18,091).

Changes in liability for the last five fiscal years are as follows:

	Beginning of Fiscal Year	Adjustment	Adjusted Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2011-2012	\$ 97,944	\$ -	\$ 97,944	\$ 402,056	\$ 611,398	\$ (111,398)
2012-2013	(111,398)	-	(111,398)	611,398	596,340	(96,340)
2013-2014	(96,340)	-	(96,340)	696,340	649,493	(49,493)
2014-2015	(49,493)	-	(49,493)	649,493	557,366	42,634
2015-2016	42,634	13,621	56,255	605,000	679,346	(18,091)

No designation of assets has been made by the City to fund future claims liabilities.

B. Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the City's counsel that resolution of these matters will not have a material adverse effect on the financial condition of the City.

The City has unconditionally guaranteed to Jackson Energy Authority (JEA), and the trustee for the beneficiaries of JEA's telecommunications debt, that the amount on deposit in the Debt Service

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

Reserve Account for the 2009 Term Loan Agreement will at all times equal or exceed the Debt Service Reserve Requirement. The City's guaranty is not to exceed \$60 million. The outstanding balance of the debt at June 30, 2016, is \$46,315,000.

C. Closure and Post-closure Care Cost

State and federal laws and regulations require the City to place a final cover on its Red Lane and Highway 70 east landfill sites when it stops accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The liability reported as landfill closure and postclosure care liability at June 30, 2015, represents the cumulative amount reported to date based on the use to date of the estimated costs of closure and postclosure care as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2015. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. Closure on the Highway 70 landfill was begun in the fiscal year ended June 30, 1994, and was completed in the fiscal year ended June 30, 1996. Accrued closure and post-closure care costs at June 30, 2016, are \$289,200.

During the year ended June 30, 2006, the City entered into an agreement with Allied Waste dba Madison County Development, LLC to sell the remaining landfill site to Allied Waste. Based on the terms of the agreement, the City entered into an Interim Landfill Operating Agreement with Allied Waste allowing them to assume all operations of the landfill. Under the terms of the sale, the City entered into a twenty-year fixed fee agreement for waste disposal with Allied Waste. Also, the City was released from any and all postclosure liability relating to the landfill as an additional provision of the sales agreement.

D. Other Matters

The Tennessee Department of Transportation constructed an urban interchange on Highway 45 Bypass within the city limits of the City. The cost of this project was approximately \$8 million with the City being responsible for \$6 million of this cost. As a part of this project the City expects to be reimbursed for most of its share of the cost by the property owners adjacent to the new interchange as their property is developed in the future. The timing of these reimbursements is dependent on the development of the land.

E. Joint Ventures

The City participates in the following joint ventures with Madison County, Tennessee:

Jackson-Madison County Airport Authority (Authority) administers the operations of the McKellar Sipes Airport. The Board of the Authority consists of five members who are alternatively appointed each year by the City and Madison County. The City provides support to the Authority through an annual appropriation. The City has certain real estate of the Authority in the amount of \$842,337 included in the governmental activities section of the Statement of Net Position. The City does not have an equity interest in the Authority and has no ongoing funding obligation for its share of the costs of operations not recovered from the Authority's operating revenues.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Jackson-Madison County Community Economic Development Commission (Commission) is involved in tourism efforts. The Board of the Commission consists of five members who are alternatively appointed each year by the City and Madison County. Funding for the Commission is provided through a hotel/motel tax levied jointly by the City and Madison County. Twenty percent of the funds collected through the hotel/motel tax are allocated to the Commission pursuant to the provisions of a private act. The City assumes no ongoing financial interest or burden in regards to the Commission.

Jackson-Madison County General Hospital (Hospital) provides health care for the entire West Tennessee area. The five members of the board of the Hospital are alternately appointed each year by the City and Madison County. The City has certain real estate of the Hospital in the amount of \$1,356,888 included in the governmental activities section of the Statement of Net Position. The Hospital has decided to pay a portion of its profits to the City annually. This donation has been designated by the City Council to fund capital expenditures related to tourism. For the fiscal year ended June 30, 2016, the donation was \$200,000.

Jackson-Madison County Library (Library) administers the operations of the local library. The board of the Library consists of five members alternately appointed by the City and Madison County. The City has certain real estate of the Library in the amount of \$412,214 included in the governmental activities section of the Statement of Net Position. The City does not have an equity interest in the Library and has no ongoing funding obligation for its share of the costs of operations not recovered from the Library's operating revenues.

Complete financial statements for the above-noted ventures can be obtained from their respective administrative offices at the following addresses:

F. Retirement Plans

State Retirement System (TCRS)

Plan description

Employees of the City are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits provided

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Employees covered by benefit terms

At the measurement date of June 30, 2015, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	608
Inactive employees entitled to but not yet receiving benefits	352
Active employees	725
	1,685

Contributions

Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5 percent of salary. Jackson makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2015, employer contributions for Jackson were \$6,432,498 based on a rate of 18.74 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Jackson's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contribution (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

Jackson's net pension liability (asset) was measured as of June 30, 2015, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial assumptions

The total pension liability as of June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of pension plan investment expenses, including inflation
Cost-of-Living Adjustment	2.5 percent

Mortality rates were based on actual experience from the June 30, 2012 actuarial experience study adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	6.46%	33%
Developed market international equity	6.26%	17%
Emerging market international equity	6.40%	5%
Private equity and strategic lending	4.61%	8%
U.S. fixed income	0.98%	29%
Real estate	4.73%	7%
Short-term securities	0.00%	1%
		<u>100%</u>

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount rate

The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Jackson will be made at the actuarially determined

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability (Asset)

	Increase (Decrease)		
	Total Pension	Plan Fiduciary	Net Pension
	Liability	Net Position	Liability
	(a)	(b)	(a) - (b)
Balance at 6/30/14	<u>\$ 168,453,061</u>	<u>\$ 150,240,589</u>	<u>\$ 18,212,472</u>
Changes for the year:			
Service cost	2,913,921	-	2,913,921
Interest	12,556,747	-	12,556,747
Differences between expected and actual experience	(1,930,126)	-	(1,930,126)
Contributions - employer	-	6,432,498	(6,432,498)
Contributions - employee	-	3,130	(3,130)
Net investment income	-	4,604,343	(4,604,343)
Benefit payments, including refunds of employee contributions	(7,887,368)	(7,887,368)	-
Administrative expense	-	(37,025)	37,025
Net changes	<u>5,653,174</u>	<u>3,115,578</u>	<u>2,537,596</u>
Balance at 6/30/15	<u>\$ 174,106,235</u>	<u>\$ 153,356,167</u>	<u>\$ 20,750,068</u>

Sensitivity of the net pension liability (asset) to changes in the discount rate

The following presents the net pension liability (asset) of Jackson calculated using the discount rate of 7.5 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is a 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
Jackson's net pension liability (asset)	<u>\$ 43,104,632</u>	<u>\$ 20,750,068</u>	<u>\$ 2,072,101</u>

Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension expense

For the year ended June 30, 2016, Jackson recognized pension expense of \$3,368,290.

Deferred outflows of resources and deferred inflows of resources

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

For the year ended June 30, 2016, Jackson reported outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,448,703	\$ 1,544,101
Net difference between projected and actual earnings on pension plan investments	5,286,298	7,027,526
Contributions subsequent to the measurement date of June 30, 2015	6,611,527	-
	\$ 13,346,528	\$ 8,571,627

The amount shown above for "Contributions subsequent to the measurement date of June 30, 2015," will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2017	\$ (924,058)
2018	(924,058)
2019	(924,058)
2020	935,549
2021	-
Thereafter	-

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

City Pension Plans

Plan Description

The City previously maintained an original pension plan fund and later a second plan called the Employees Retirement System fund. The valuation is based on the arrangement commonly referred to as the City of Jackson Pension Plan. The Pension Plan actually consists of four funds, established by Tennessee State statute. They are Firemen and Policemen Pension and Retirement Fund, Water and Administrative Departments Pension Fund, Health and Sanitation Department Pension Fund, and Street Maintenance Department Pension Fund. The amount of the retirement benefit is 50% of the highest salary earned. The payment will be made monthly for life with 50% continuing to spouse upon participant's death. Benefits are increased annually in accordance with the Consumer Price Index, to a maximum of 5% per year. The adjustment is applied to base benefit only.

Membership of each plan consisted of the following at July 1, 2015:

**CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

Retirees & beneficiaries receiving benefits	42
Active plan members	<u>0</u>
Total	<u>42</u>

Contributions

Employee contributions were 3% of salary.

The information presented in the required supplementary schedules was determined as part of the actuarial valuation at July 1, 2015.

Actuarial Methods, Assumptions and Participant Data: The actuarial cost method used is the projected unit credit, at a discount rate of 4.25% per annum. Prior to July 1, 2009, the discount rate was 4.25% per annum. Compensation increases are no longer applicable and cost of living increases are 2.5% per annum. Mortality rates were determined using the RP-2000 Healthy Annuitant Mortality Table, blended male and female rates. Census data appeared reasonable for valuation purposes although it was not totally complete. When a beneficiary birth date was not available, it was assumed that the male spouse is three years older than the female. When a birth date for neither the retired participant nor beneficiary is available, the participant is assumed to be age 77. The sex of each participant was assigned by reference to the first name; doubtful individuals were assumed to be male.

The Plan has been financed on a pay-as-you-go basis. Prior to 1996, actuarial determinations of the actuarial required contribution were not made. The contribution to the Plan has equaled the benefit payments from the Plan. As a result, the net pension obligation at transition is equal to \$0 as of July 1, 1996, in accordance with Statement Number 27.

Net Pension Liability (Asset)

The Plan's net pension liability (asset) was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial assumptions: The total pension liability as of June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%	
Salary increases	2.50%	
Mortality	RP-2000 (Healthy and Disabled) with generational projection per Scale AA for healthy participants	
Actuarial cost method	Entry Age Normal	

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2014 through June 30, 2015. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Discount Rate: The discount rate used to measure the total pension liability was 3.25%. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current contribution rate and the employer will continue to contribute the actuarially determined contribution in accordance with the plan's current funding policy on an annual basis. Based on that assumption, the pension plan's fiduciary net position is projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability (Asset)

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) - (b)
Balance at 6/30/14	\$ 5,649,311	\$ 69,162	\$ 5,580,149
Changes for the year:			
Service cost	-	-	-
Interest	240,196	-	240,196
Effect of economic/demographic gains or losses	(23,827)	-	(23,827)
Differences between expected and actual experience	166,523	-	166,523
Contributions - employer	-	605,568	(605,568)
Contributions - employee	-	-	-
Net investment income	-	110	(110)
Benefit payments, including refunds of employee contributions	(606,568)	(606,568)	-
Administrative expense	-	-	-
Net changes	<u>(223,676)</u>	<u>(890)</u>	<u>(222,786)</u>
Balance at 6/30/15	<u>\$ 5,425,635</u>	<u>\$ 68,272</u>	<u>\$ 5,357,363</u>

Sensitivity of the net pension liability (asset) to changes in the discount rate: The following presents the net pension liability (asset) of the Plan calculated using the discount rate of 2.85 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that 1-percentage-point lower (1.85 percent) or 1-percentage-point higher (3.85 percent) than the current rate:

	1% Decrease (1.85%)	Current Discount Rate (2.85%)	1% Increase (3.85%)
Jackson's net pension liability (asset)	\$ 5,764,359	\$ 5,357,363	\$ 5,002,000

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Expense: Under GASB 68 the annual pension expense is intended to recognize certain changes in the net pension liability compared to the previous measurement date. Changes not recorded as a pension expense will be recorded and tracked separately as deferred inflows and outflows to be recognized in a future period's pension expense. Changes in the Total Pension Liability due to differences between actual experience and assumptions are recognized over a closed period equal to the future remaining service of plan participants. Differences between actual and expected investment performance are recognized over a five year period. Any changes due to plan amendment or other benefit changes will be recognized in the year of adoption.

Pension Expense

Service cost	\$	-
Interest on total pension liability		240,096
Expected investment return net of investment expenses		(2,611)
Recognition of Deferred Inflows/Outflows of Resources		
Recognition of economic/demographic gains or losses		(23,827)
Recognition of assumption changes or inputs		359,606
Recognition of investment gains or losses		1,103
Pension Expense	\$	574,367

Deferred outflows of resources and deferred inflows of resources. For the year ended June 30, 2016, the Plan reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ -
Net difference between projected and actual earnings on pension plan investments	3,829	-
Contributions subsequent to the measurement date of June 30, 2015	572,207	-
	\$ 576,036	\$ -

The amounts shown above for "Contributions subsequent to the measurement date of June 30, 2015" will be recognized as a reduction to net pension liability in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Year Ended June 30:	
2017	\$ 1,103
2018	1,103
2019	1,103
2020	520
2021	-
Thereafter	-

G. Other Postemployment Benefits

In addition to the retirement benefits described in Note F, the City provides postretirement health care benefits to all employees who retire from the City on or after attaining age 60 with 10 or more years of service; or those with 30 or more years of service regardless of age; or those Public Safety employees with 25 years of service and age 55. Employees retiring prior to July 1, 1992, have the same benefits as active employees. There is currently 1 retiree covered under the PPO plan. The City pays 76% of individual medical and hospitalization premiums for 1 pre-Medicare retiree for the PPO plan.

Employees retiring after July 1, 1992, have limited benefits. There are currently 56 retirees under the PPO plan. Under the new PPO plan, the City pays 64% of individual medical and hospitalization premiums for 48 pre-Medicare retirees and 33% of family premiums for 8 pre-Medicare retirees.

Post 65 retirees are covered by a "Medicare carve out" plan that provides similar benefits. The City pays 74% of individual medical and hospitalization premiums for no post 65 retirees with the PPO plan.

Claims in excess of \$100,000 are reinsured. The cost of retiree health care is recognized as an expenditure as claims are paid. For the fiscal year ended June 30, 2016, these costs are not separable from the costs for active employees.

During the year ended June 30, 2009, the City adopted Governmental Accounting Standards Board (GASB) Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions (OPEB)*. The following are required disclosures as a result of this adoption:

The City provides post-retirement life insurance benefits to all employees who retire from the City on or after attaining age 60 with 10 or more years of service; or those with 30 or more years of service regardless of age; or those Public Safety employees with 25 years of service and age 55. Currently, a total of 646 retirees of the City and Jackson Transit Authority meet these eligibility requirements. The cost of the retiree's life insurance benefit is recognized as an expenditure and, for the fiscal year ended June 30, 2016, is not separable from the costs for active employees.

Funding Policy

The City intends to continue its policy of funding OPEB liabilities on a pay-as-you-go basis and to not pre-fund any unfunded annual required contribution as determined under GASB Statement No. 45.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Annual OPEB Cost and Net OPEB Obligation

The City's annual other post-retirement benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB Obligation.

Components of Net OPEB Obligation

Annual Required Contribution	\$ 1,041,300
Interest on Net OPEB Obligation	8,900
Adjustment to Annual Required Contribution	(8,900)
Annual OPEB Cost (Expense)	1,041,300
Contributions/Expense	<u>(1,060,395)</u>
Decrease in Net Obligation	(19,095)
Net OPEB Obligation (BOY)	436,568
Net OPEB (Asset) Obligation (EOY)	<u><u>\$ 417,473</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2016 are as follows:

Fiscal Year Ending	Annual OPEB Cost	OPEB Cost Contributed	Net OPEB Obligation
6/30/2015	\$ 1,041,300	101.83%	\$ 417,473
6/30/2015	1,041,300	91.61%	436,568
6/30/2014	968,200	88.53%	349,229

Funded Status and Funding Progress

As of June 30, 2015, the most recent actuarial valuation date, the plan was 0% funded. The actuarial accrued liability for benefits was \$12,436,600 and the actuarial value of assets was \$0 resulting in an unfunded actuarial accrued liability (UAAL) of \$12,436,600. The covered payroll (annual payroll of active employees covered by the plan) was \$32,688,552 and the ratio of the UAAL to the covered payroll was 38.0% as of the actuarial valuation date.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

CITY OF JACKSON, TENNESSEE
NOTES TO FINANCIAL STATEMENTS

June 30, 2016

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on substantive plan (the plan as understood by the employer and the plan members) and includes the type of benefits provided at the time of each valuation and the historical pattern of sharing the benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2015 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 3.75% investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan assets at the valuation date. The actuarial value of assets was determined using a standard balanced portfolio expectation for retirement plan asset returns. The UAAL is being amortized as a level percentage of payroll on an open basis. The remaining amortization period at June 30, 2015 was 30 years.

NOTE 6 - LITIGATION

The City is involved in legal proceedings arising in the normal course of business. In the opinion of management, after consulting with counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial condition of the City as of June 30, 2016.

NOTE 7 – PRIOR PERIOD ADJUSTMENT

As of June 30, 2016, prior period adjustments were made in the following activities for the following reasons:

- An adjustment was made in the governmental activities for \$552,896 that was related to Department of Defense equipment that was acquired in the previous year.
- An adjustment was made in the governmental activities related to the East Chester project. The infrastructure related to this project was removed from the City's financial statements due to its inclusion on the State's infrastructure. The adjustment was a reduction of the asset balance of \$1,448,933 and a reduction of the accumulated depreciation of \$43,896.
- Also, an adjustment was made in relation to infrastructure due to assets that were behind in accumulated depreciation. This adjustment increased accumulated depreciation by \$201,572.
- Also, an adjustment was made in relation to a revenue recognition policy change for grant revenues in the governmental funds. This adjustment was \$78,910 in the general fund and \$416,698 in the capital outlay fund.

CITY OF JACKSON, TENNESSEE
SCHEDULE OF CONTRIBUTIONS BASED ON PARTICIPATION IN
THE PUBLIC EMPLOYEE PENSION PLAN OF TCRS
For the Fiscal Year Ended June 30

	2016	2015	2014
Actuarially determined contribution	\$ 6,329,799	\$ 6,432,498	\$ 6,552,755
Contributions in relation to the actuarially determined contribution	6,329,799	6,432,498	6,552,755
Contribution deficiency (excess)	\$ -	\$ -	\$ -
Covered-employee payroll	\$ 33,704,678	\$ 34,325,416	\$ 34,206,282
Contributions as a percentage of covered - employee payroll	18.78%	18.74%	19.16%

This is a 10-year schedule; however, the information in this schedule is not required to be presented retroactively. Years will added to this schedule in future fiscal years until 10 years of information is available.

Notes to Schedule

Valuation date: Actuarially determined contribution rates for 2016 were calculated based on the July 1, 2013 actuarial valuation.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Frozen initial liability
Amortization method	Level dollar, closed (not to exceed 20 years)
Remaining amortization period	12 years
Asset valuation	10-year smoothed within a 20 percent corridor to market value
Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of investment expense, including inflation
Retirement age	Pattern of retirement determined by experience study
Mortality	Customized table based on actual experience including an adjustment for some anticipated improvement
Cost of Living Adjustments	2.5 percent

See independent auditor's report.

CITY OF JACKSON, TENNESSEE
SCHEDULE OF CONTRIBUTIONS BASED ON PARTICIPATION IN
THE CITY OF JACKSON, TENNESSEE PENSION PLAN
For the Fiscal Year Ended June 30

	2016	2015	2014
Actuarially determined contribution	\$ 696,570	\$ 696,570	\$ 1,090,016
Contributions in relation to the actuarially determined contribution	572,207	606,568	650,934
Contribution deficiency (excess)	<u>\$ 124,363</u>	<u>\$ 90,002</u>	<u>\$ 439,082</u>
Covered-employee payroll	N/A	N/A	N/A
Contributions as a percentage of covered - employee payroll	N/A	N/A	N/A

This is a 10-year schedule; however, the information in this schedule is not required to be presented retroactively. Years will added to this schedule in future fiscal years until 10 years of information is available.

Notes to Schedule

Valuation date: Actuarially determined contribution rates are calculated as of June 30.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry Age Normal
Amortization method	Level dollar, open (not to exceed 10 years)
Remaining amortization period	10
Asset valuation	No smoothing period
Inflation	2.50%
Salary increases	N/A
Investment rate of return	2.85%
Cost of living adjustments	2.50%
Retirement age	N/A
Mortality	RP-2000 (Healthy and Disabled) with generational projection per Scale AA for healthy participants

See independent auditor's report.

CITY OF JACKSON, TENNESSEE
SCHEDULE OF FUNDING PROGRESS – EMPLOYEE RETIREMENT SYSTEM
 June 30, 2016

Schedule of Funding Progress

(Dollar amounts in thousands)

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
Other Postemployment Benefits:						
6/30/2015	-	12,437	12,437	0.00%	32,689	38.00%
6/30/2013	-	11,923	11,923	0.00%	33,132	36.00%
6/30/2011	-	10,149	10,149	0.00%	34,364	29.53%

- a. The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contributions requirements and in ratios that use the pension benefit obligations as a factor.
- b. Looking at the actuarial accrued liability or the unfunded actuarial accrued liability in isolation can be misleading.
 - (i.) Expressing the actuarial value of assets as a percentage of the actuarial accrued liability provides one indication of the extent to which a plan is funded. Analysis of this percentage over time indicates whether the plan is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.
 - (ii.) Expressing the unfunded actuarial accrued liability as a percentage of the annual covered payroll approximately adjusts for the effects of inflation and aids analysis of funding progress. Generally, the smaller the unfunded percentage, the stronger the plan.

See independent auditor's report.

CITY OF JACKSON, TENNESSEE

GENERAL DESCRIPTION

The City of Jackson, Tennessee (the City), the county seat of Madison County, was founded in 1822. Located approximately 85 miles northeast of Memphis and 120 miles southwest of Nashville, the City is the largest city in rural West Tennessee. Jackson encompasses a land area of approximately 49 square miles and serves as West Tennessee's economic, cultural and healthcare center. The population is approximately 62,000.

Government

The City operates under a Mayor and Council form of government. The Mayor, elected to four-year terms directly by the voters, is the Chief Administrative Officer of the City and serves as the presiding officer of the City Council. The City Council is comprised of nine members elected to four-year terms by district.

The City provides a wide range of services to its citizens including police and fire protection, solid waste disposal, public transportation, recreation, libraries and public meeting facilities. Currently, there are approximately 650 regular full-time employees. The Jackson Energy Authority provides water, sewer, gas and electrical utilities, and telecommunications. The Authority is governed by a Board of Directors appointed by the City.

Economy

The City enjoys a diverse economy based on retail trade, manufacturing, agriculture and service-related businesses. The unemployment rate is consistently below the state average; however, the 2011/2012 levels are an anomaly. Major corporations currently operating manufacturing or distribution facilities in the City include Proctor & Gamble, Carlisle Transportation Products, TBDN, Pinnacle Foods, Stanley Black and Decker, and Delta Faucet. Retail sales in the City were \$1.9 billion in 2010.

Transportation

Major highway transportation is provided by U.S. Interstate 40, three federal highways and two state highways. Railroad transportation is provided by CSX and West Tennessee Railroad. The City jointly owns and operates McKellar-Sipes Regional Airport with Madison County. The airport has a 6,000 foot runway and provides general aviation and charter services. Pacific Wings, a Hawaii based airline, offers three round-trips on Monday through Friday and two on Saturday and Sunday to Nashville with two flights continuing to Atlanta daily.

Education

The Jackson and Madison County school systems were consolidated in 1990. The system currently consists of fourteen elementary schools, three intermediate schools, five middle schools, five high schools, and two alternative schools. There are also six private schools. The City is home to six institutions of higher learning, including Jackson State Community College, University of Memphis, Lane College, Union University, West Tennessee Business College, and Tennessee Technology Center.

Healthcare

The City is served by two major healthcare facilities: Jackson-Madison County General Hospital, a 766-bed general acute care facility operated by a Board appointed by Madison County and the City, and Regional Hospital of Jackson, a 164-bed facility owned and operated by CHS. There are 44 medical clinics, 19 retirement, nursing, and/or assisted living homes, plus more than 450 physicians practicing in the Jackson area.

**Independent Auditor's Report on Internal Control over
Financial Reporting and on Compliance
and Other Matters Based on an Audit of
Financial Statements Performed in Accordance
with Government Auditing Standards**

Honorable Jerry Gist, Mayor
Members of the Council
City of Jackson, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jackson, Tennessee (the City), as of and for the year ended June 30, 2016, which collectively comprise the City's basic financial statements as listed in the Table of Contents, and have issued our report thereon dated December 28, 2016.

Our report includes a reference to other auditors who audited the financial statements of Jackson Transit Authority (JTA), as described in our report on the City's financial statements. This report includes our consideration of the results of the other auditors testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we and the other auditors did not identify any deficiencies in internal control that we consider to be material weaknesses. We and the other auditors did identify certain deficiencies in internal control, described in the accompanying schedule of findings questioned costs as items 2016-001 through 2016-003 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests and those of the other auditors, disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the accompanying schedule of findings and questioned costs as items 2016-001 through 2016-003.

In addition, we noted other matters involving the internal control and its operation that we reported to management of the City in a separate letter dated December 28, 2016.

City's Response to Findings

The City's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and Report on Internal Control over Compliance Required by the Uniform Guidance

Honorable Jerry Gist, Mayor
Members of the Council
City of Jackson, Tennessee

Report on Compliance for Each Major Federal Program

We have audited the City of Jackson, Tennessee's (the City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2016. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct a material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

June 30, 2016

SECTION II – Financial Statement Findings

2016-001 – Exceeding Budgeted Expenditures (Noncompliance and Significant Deficiency)

Condition: We noted the following major function in the general fund had expenditures exceeding appropriations: public safety by \$328,297. We also noted that total expenditures in the solid waste collection fund exceeded appropriations by \$374,552 due primarily to insurance and landfill dumping exceeding appropriations by \$307,401 and \$459,324, respectively. The metro drug fund exceeded appropriations by \$2,702 due primarily to capital outlay of \$8,814 in excess of budget amounts. We also noted that Grant Fund #1 CDBG's expenditures exceeded appropriations by \$44,808 due primarily to Program Housing expense of \$46,284 in excess of budgeted amounts. We also noted that Grant Fund #2 HOME's expenditures exceeded appropriations by \$75,464 due primarily to Program Housing expense of \$63,073 in excess of budgeted amounts. We also noted that total expenditures in the Community Redevelopment Fund exceeded appropriations by \$57,862, due to principal payments of \$50,000 in excess of budget amounts and interest payments of \$7,862 in excess of budgeted amounts.

Criteria: Tennessee Code Annotated (TCA) 6-56-203 states "notwithstanding any other provision or law, no municipality may expend any monies regardless of their source except in accordance with a budget ordinance adopted under this section."

Effect: The City failed to comply with the TCA 6-56-203 by expending monies that were not budgeted.

Recommendation: We recommend that all expenditures, including transfers, be authorized by the City's budget in the future. Potential budget overruns should be anticipated in advance so that appropriate action may be taken by the City Council.

Response: City has attempted to identify exceptions and comply with TCA 6-56-203 as evidenced by the May 25, 2016 Budget Amendment totaling \$1,798,215 covering 22 general fund line items bringing the anticipated general fund draw on fund balance to \$2,651,520.

2016-002 – Material Journal Entries (Noncompliance and Significant Deficiency)

Condition: Auditors had to propose material journal entries due to various accounts not being reconciled at year-end. The entries were related to the Sportsplex fund's sponsorship revenue and the transfer from solid waste collection fund to the general.

Criteria: Tennessee Code Annotated (TCA) 9-2-102(b) *Uniform Accounting System* states that it is the duty of all local governments that are subject to the audit requirements of the Comptroller of the Treasury and that handle public funds to close their official accounting records and to have those records available for audit no later than two (2) months after the close of their fiscal year, and the necessity of material journal entries prevents that.

Effect: The City failed to comply with the TCA 9-2-102(b) and it also exposes the City to a greater risk of fraud, loss, and other undetected errors.

Recommendation: We recommend that the City reconcile account balances, especially material balances, in a more accurate and timely manner.

CITY OF JACKSON, TENNESSEE
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
June 30, 2016

Response: We concur.

2016-003 – Failure to Receive Authorization for Issuance of Debt (Noncompliance and Significant Deficiency)

Condition: We noted that the City has an outstanding interfund liability due from the solid waste collection fund to the general fund in the amount of \$1,116,867. This balance is the result of multiple years of an indirect cost allocation being performed that has continued to increase the interfund balance for the last few years effectively resulting in an advance as the balance is not presently being repaid.

Criteria: Tennessee Code Annotated (TCA) 9-21-601 requires a governing body to receive authorization from the State Comptroller's office before issuing new long-term debt.

Effect: The City failed to comply with the TCA 9-21-601. The State of Tennessee can stop the City from entering into any further debt obligations until they have complied with the law.

Recommendation: We recommend that the City comply with the State requirements relating to the issuance of new long-term debt. We also recommend that the City make a determination as to how they will handle the direct cost transfer from the solid waste collection fund to the general fund in the future. This may require issuance of long-term debt through the State of Tennessee.

Response: We recognize that the Solid Waste collection fund's accounts receivable increased approximately \$900 thousand in fiscal year 2016 over fiscal year 2015 and are taking actions to improve the commercial billing/collection cycle and thus significantly reduce the amount owed to the general fund.

2016-004 – Failure to Protect Undeposited Funds (Significant Deficiency)

Condition: We noted that the City did not physically protect undeposited funds at the Sportsplex. While in the process of closing operations for the night, a deposit bag with \$770 was stolen.

Criteria: Failure to protect undeposited collections can lead to a misappropriation of assets or simple theft.

Effect: When funds are not adequately protected, the risk of theft, fraud, or misappropriation are more prevalent.

Recommendation: We recommend that the City implement controls and procedures to more adequately protect undeposited funds of the City.

Response: The City has implemented additional procedures at the Sportsplex to help ensure that deposit bags are adequately protected until the deposit is made.

SECTION III – Federal Award Findings and Questioned Costs

None reported

CITY OF JACKSON, TENNESSEE
SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS
For the Fiscal Year Ended June 30, 2016

Financial Statement Findings

Finding Number	Finding Title	Status
2015-001	Exceeding Budgeted Expenditures (Noncompliance and Significant Deficiency) (original finding #2013-001)	Repeated

Federal Award Findings and Questioned Costs

None noted.

CORRECTIVE ACTION PLAN

The City of Jackson, Tennessee respectfully submits the following corrective action plan for the year ended June 30, 2016.

Cognizant agency:
Department of Housing and Urban Development

Name and address of independent public accounting firm:

Alexander Thompson Arnold PLLC
227 Oil Well Road
Jackson, TN 38305

Audit period:

June 30, 2016

The findings from the June 30, 2016, schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

2016-001 – Exceeding Budgeted Expenditures (Noncompliance and Significant Deficiency)

Recommendation: We recommend that all expenditures, including transfers, be authorized by the City's budget in the future. Potential budget overruns should be anticipated in advance so that appropriate action may be taken by the City Council.

Action Taken: City Council will take the appropriate action in advance of any funds being spent above the budgeted amounts. This will provide the proper authorization for all expenditures, including expenditures, in the future.

2016-002 – Material Journal Entries (Noncompliance and Significant Deficiency)

Recommendation: We recommend that the City reconcile account balances, especially material balances, in a more accurate and timely manner.

Action Taken: Accounting staff will submit all material journal entries necessary before the 60 day deadline imposed by the Tennessee Comptroller of the Treasury.

2016-003 – Failure to Receive Authorization for Issuance of Debt (Noncompliance and Significant Deficiency)

Recommendation: We recommend that the City comply with the State requirements relating to the issuance of new long-term debt. We also recommend that the City make a determination as

to how they will handle the direct cost transfer from the solid waste collection fund to the general fund in the future. This may require issuance of long-term debt through the State of Tennessee.

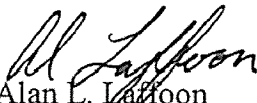

Action Taken: City is reviewing the solid waste collection funds' commercial billing/collection cycle in order to reduce outstanding accounts receivable at any one point in time and thus reduce amount owed to the general fund.

2016-004 – Failure to Protect Undeposited Funds Significant Deficiency)

Recommendation: We recommend that the City implement controls and procedures to more adequately protect undeposited funds of the City.

Action Taken: City has implemented additional procedures at the Jackson Sportsplex to help ensure that deposit bags are adequately protected until the deposit is made.

Respectfully submitted,

Alan L. Laffoon
City Recorder
